ALLEGED THEFT. -Some excitement was caused on Prince street yesterday evening about half-past four o'clock by a fiscing darkey who was being run down by two young white men named Taylor and Treakle. The fugitive had a saichel in one of his hands. He ran into Lee street from King followed by a white man-a stranger-who wes reached Prince street be started west ward and the two young men mentioned above joined in the chase. At the corner of Prince and Fairfax streets the darkey dropped the satchel and proceeded north. His pursuers caught him before he strived on King street The stranger soon reached the scena and stated that the fugitive had strien his satchel from the saloon of the steamer Harry Randall which was about to leave for Colonial Beach. The claimant of the satchel said he lived at Colonial Beach and was on his way home. He could not remain here and as C. D. Brown, was brought before the Mayor this morning. He said he was a native of Colonial Beach, but had been away from that place for three years, that he was at present a representative of the American Literary and Musical Association, that he was in Alexandria on business connected with the same and that he met a white acquaintance on King street yesterday who sent him to the steamer to get the satchel. He could give no intelligent account of the party, nor could be be located. The court could not understand why he ran down Lee street with the satchel if he was to meet the owner on King street. The claimant of the property not being present, the charge of larceny was not urged; hence the darkey was fined \$5 for disorderly conduct in the streets. He failed to pay the assessment and will probably be given 20 days on the chain gang.

PROPOSED LOOP. - The announce-ment in yesterday's Gazette to the effect that the electric rallway company would purchase the old Davy & Harmon building at the corner of Prince and Royal streets and convert the same into a commodious station has produced interest in the proposition now before a committee of the City Council to allow that company to lay another square of track on Prince street in order to form a loop around the block. As here-tofore stated, the company will pave nearly two squares with vitrified brick and granite curbing should their proposal be favorably acted upon. Many people fail to see the grounds for serious objection to the procedure. The proposition comes at a time when a public improvement, spirit is appeared. public improvement spirit is apparent. The dangerous backing of trains at King and Royal streets, a system which never should have been tolerated in the heart of a city, would be avoided if the cars would be allowed to proceed around the square. In the event of the privireferred to above, which until recently had been idle could be probably utilized. It would be metamorphosed into a comfortable depot, a shed placed in front of it and fi ted up in a measure similar to the station in Washington. It is said that some Councilmen are bent on tacking amendments to the ordinance when it reaches Council, one compelling the commany to pave Royal street from King to Prince should the loop be formed. In answer to this it may be in season to remind all interested of the observation made by a Congressman a day or two ago in reference the foot of Fourteenth when the foot of Fourteenth street when the proposed memorial bridge. He said \$2,000,000 would be guaranteed for the structure, but should amendments or riders be urged the committee would wash their hands of the matter, Since the days of Æsop people the foot of Fourteenth when they began throwing rocks. Several passengers had narrow escapes from the passengers had narrow escapes from the passengers had being struck. The negroes were purmed by a number of the passengers and several shots were fired at them, but they escaped in the darkness.

THE POLICE COMMISSIONERSHIP,—
The City Council, will during the month of July, be called upon to elect a Police Commissioner from the Third ward, the term of Captain Herbert Bryant expiring on the first day of next August. The present incumbent upon being interrogated recently as to whether or not he would be a candidate for re-election, said he might not be, implying he would enter into no contest for it nor would enter into no contest for it nor antagonize any one else who was desi-rous of being elected. This led to the assumption that he would not allow his name be placed before Council. He, however, did not intend to produce that impression, but meant to convey the idea that he would not contest the claims for ambitions of any one else. Captain Bryant has ever acted upon the Captain Bryant has ever acted upon the principle that all good citizens should serve the community when called upon to do so; that the office should seek the man, not vice versa, and as Police Commissioner, Alderman and for years a member of the City School Board he has faithfully and conscientiously performed the duties of these complimentary but unremunerative positions. tary but unremunerative positions.
Should a majority of the members of the
City Council be loth to allow him to
sever his connection with the Police
Board and re-elect him, and it is believed by numbers that such will be the result, it is hoped by many of his friends he will adhere to his former convictions and continue to serve.

WORSE THAN A BULL IN A CHINA SHOP,-William H. Hausborough, alias Si Compt e, drank himself drunk yes-terd w, and while unable to maintain his aquilibrium stumbled into a Royal t set barbershop, conducted by colored men, and caused some apprehension to customers whose necks were in close proximity to razors at the time. He was put out, but soon returned and committed a nulsance in the saloon. He was brought before the Mayor this morning and in answer to the charges said he was oblivious to the scenes described, as he was "good and drunk" at the time. He was fined \$5 and in default of payment will go on he chain gang for the next 20 days.

THE FISHING SEASON is lagging at present The lower shore operators are realizing that their finish is now on the value of the darkey who gave his name to find the business have entered other river. The darkey who gave his name the fish business have entered other occupations. The demand here is still far beyond the supply, and prices have an advancing tendency. Washington dealers are appearing here and buying up all the fish they can find. They were offering from \$15 to \$30 costs. were offering from \$15 to \$30 per hundred this morning for shad. Herring were quoted at from \$3 to \$3 50 per thousand. The gillers hereabouts re-port meagre results of their labors.

Mr. J. R. Caton has returned from a

Louis, has been appointed chief clerk to Mr. J. T. Preston, agent in this city for the Southern Railway Company, in place of Mr. Eugene McKenney, who recently resigned.

SEPARATE SEATS .- The law passed at the recent session of the legislature allowing the conductors on electric trains running between this city and any point in the county to designate seats for white and colored people went into effect today and as far as possi-ble the white and colored passengers will be separated. No inconvenience has been occasioned today so far as reports from conductors have been received. This morning a few young colored people who go to school in Washington took the bost instead of the electric trains for that city.

THE WATER SUPPLY .- It is said that should the demand for water increase during the next few years in propor-tion to that of the past decade it will be necessary to build another reservoir for the accommodation of Alexandrians. The system of sewerage of the past few years has made additional demands upon the water supply, while the amount used for locomotives is beyond all comparison with former Besides these sources of constant and increasing drain, the manufactories of

the city are large consumers. EXCITEMENT ON A TRAIN.-Some excitement was caused on the 11:59 electric train from Washington last night by the disorderly behavior of three negroes. As they refused to pay their fare they were put off the car at the foot of Fourteenth street when passengers had narrow escapes from being struck. The negroes were pur-sued by a number of the passengers and several shots were fired at them,

KILLED BY A TRAIN .- Between 2 and 8 o'clock yesterday afternoon an unknown colored man was struck by an electric railway car at the south end of the Long bridge and fatally injured.

He was unconscious when picked up, and was taken to a hospital in Washington. His wounds were dressed as quickly as possible, but he died shortly after removal from the operating table. There was nothing in the pockets of the dead was he which he could be the dead man by which he could be identified. He was dressed as a laborer and appeared to be a man of middle age. Death resulted from a mangled arm, a broken jaw, and a fractured skull, the shock of the combined injuries being more than he could survive.

COUNTY COURT. - In the County Court yesterday in the case of Frank P. Hyson against Mrs. Adeline Butler to recover a certain house and lands, judgment was given in favor of Hyson, judgment was given in favor of Hyson, and Mrs. Butler was given fifteen days to wasate. The court on Tuesday appointed Messrs. George E. Garrett, Harry T. Palmer, and Howard Ferlds appraisers of the personal estate of Mrs. Ann V. Codrick, deceased. The court set the trial of Raphael Ranson, beared with charged with cutting and stabbing James Lewis, with intent to kill for Monday next.

THE ALMS HOUSE.—The grounds attached to the sime house have been placed in good condition for this year's crops. All the land will be under cultivation. The fruit trees are in a promising condition, while there is every indication of an abundant yield of vegetables. The flower display in front of the building is beautiful. Mr. W. M. Smith, the superintendent, is using every means toward beautifying the building and grounds as well as to make the grounds bring forth abundantly.

STILL Missing.—The people of Woodbridge are still searching for Mr. Wm. Smith, who has been missing since Sunday. He was last seen proceeding in the direction of a house occupied by a colored neighbor. He wore no coat at the time, and his mysterious disappearance can in no way be accounted for. Washington detectives left here this afternoon for Woodbridge. They will take the case in hand, and, if possible, ascertain his whereabouts what has become of him.
